### Iran, China enhance ties in AI, smart industries, comms infrastructure

Economy Desk

The communications ministers of Iran and China stressed expanding bilateral cooperation, particularly in the field of Artificial Intelligence (AI), industrial smart technologies, communication infrastructure, and workforce training during a meeting in Beijing. Iran's Minister of Communications and Information Technology Sattar Hashemi, who traveled to Beijing at the official invitation of Chinese counterpart Li Licheng, discussed strengthening technological collaboration between the two nations, as reported by IRNA.
